### ECCO ONE PARTS LIST

**HF01065 ECCO ONE CONTAINER W/ COVER**  
Stainless steel construction rectangular shape 14" x 22" x 9".

**HF02065 ECCO ONE CART**  
Stainless steel frame with four 2" diameter casters mounted underneath.

**HF03P CASTER**  
2" diameter wheel located under cart.

**HF03PB CASTER WITH LOCK**  
2" diameter wheel with lock located under cart.

**HF04065 ECCO ONE CONTAINER COVER**  
Two piece stainless steel rectangular shape. Front piece has knob, rear piece has slot.

**HF04A CONTAINER COVER KNOB**  
Black, round attaches to front part of container cover.

**HF05048 DISCHARGE HOSE**  
½" diameter., 48" length, wire reinforced hose with 2 hose nipples and 2 hose ferrules.

**HF06048 DISCHARGE HOSE ASSEMBLY**  
Same as HF05048 above with HF091

**HF07 STREET ELBOW**  
½" 90° street elbow attached to hose nipple and/or screen stem piping. Part of union nut assembly.

**HF08 BALL END**  
Screws onto ½" street elbow and attaches union nut to the pump nipple socket. Part of Union Nut Assembly (HF091)

**HF09 UNION NUT**  
Octagonal shaped with 2 molded yellow handles, inside thread. Attaches screen stem assembly and discharge hose assembly to pump nipple sockets of power unit. Part of HF091 Union Nut Assembly.

**HF091 UNION NUT ASSEMBLY**  
Consists of HF07, HF08 & HF09. Attaches discharge hose and stem assemblies to pump nipple sockets.

**HF10 UNION NUT HANDLES** (Pre Feb. 2001 models)  
Black phenolic with hole to fit union nut.

**HF1106 48" DHA WITH NOZZLE**  
Consists of HF06048 & HF11.

**HF11 DISCHARGE NOZZLE**  
Nickel plated pipe with black handle. Attaches to discharge hose assembly.

**HF12 DISCHARGE NOZZLE HANDLE**  
Black, phenolic, to fit discharge nozzle.

**HF13 POWER UNIT**  
Stainless Steel Construction "Mailbox" shape, includes motor/pump combination, housing., base, housing handle, rocker switch, rocker switch guard, lead wire, pump nipples/sockets, grommets & base.

**HF14 POWER UNIT HOUSING**  
Stainless steel "Mailbox" cover. Includes housing handle, grommets, switch, switch guard & lead wire.

**HF155 POWER UNIT HOUSING HANDLE**  
Located on top of Power Unit Housing (5" center to center).

**HF16WP POWER UNIT SWITCH (Rocker)**  
Black phenolic rocker on/off switch.

**HF16G POWER UNIT SWITCH GUARD**

**HF17 GROMMET**  
Black rubber piece located on each side of power unit housing.

**HF18D LEAD WIRE ( 6 inches in length)**  
3 wire electrical cord.

**HF18EXT EXTENSION CORD**  
Lead wire extension cord.

**HF19 PUMP NIPPLE**  
½" x 4" nickel plated piping, screws into pump through power unit housing.

**HF20 PUMP NIPPLE SOCKET**  
Attaches to pump nipple. Union nut screws onto socket to attach discharge hose or stem assembly to power unit.

**HF20C PUMP NIPPLE SOCKET ASSEMBLY**  
Consists of HF19 & HF20.

**HF21 MOTOR/PUMP**  
One piece, closed coupling motor/pump combination. For pre 2001 Power Unit Models.

**HF21C CLOSED COUPLING PUMP & MOTOR WITH CAPACITOR**  
One piece, closed coupling motor/pump combination. For power units sold after 2001.

**HF22 POWER UNIT BASE**  
Stainless steel rectangular piece with base feet and plastic cover for reset button access.

**HF23 BASE FEET**  
Located on bottom of the power unit base.

**HF24065 ECCO SCREEN STEM ASSEMBLY**  
Includes rectangular 2 piece screen (HF2512), screen stem nut (HF26), stem piping (HF27065), union nut assembly (HF091) & clamp (HF28).

**HF2512 FILTER SCREEN**  
2 piece nickel plated filter screen 12 ½" x 12 ½". Used with filter paper envelope (FE02).

**HF26 SCREEN STEM NUT**  
Cone shaped nut attached to piping. Screws onto threads of square screen.

**HF27065 ECCO SCREEN STEM PIPING**  
One piece (½" x 11 3/8" ) nickel plated piping, bent in one location.

**HF28 CLAMP**  
Stainless steel construction used to hold paper envelope on filter screen.

**HF29065 ECCO STEM ASSEMBLY**  
Consists of HF091, HF27065 & HF26.
